

Did you receive a Sisonke vaccination?

Health workers who participated in Sisonke will be offered a booster shot of Janssen[®] (J&J) vaccination from **Monday 8 November.**

You **CAN** get a booster shot if:

You received a first dose of J&J through the Sisonke study.

Even if you are pregnant or breastfeeding.

You **CANNOT** get a booster shot if:

Your first dose of J&J was received outside the Sisonke study.

You have already accessed a booster vaccination through other means.

How Sisonke 2 will work

1

You will receive a SMS invitation to participate in Sisonke 2.

2

This will take you to a link for informed consent. Please take time to read this. Please complete it if you wish to take part.

Please DO NOT re-register on EVDS.

How Sisonke 2 will work cont.

3

After completing the consent you will receive a new vaccination voucher number starting with the letters BD- (Booster Dose).

4

Ask your manager or watch the press and social media for details of your closest vaccination site. Sites will be available in all sub-districts.

Please DO NOT re-register on EVDS.

Has your cell number changed?

Life happens. Here's what to do to ensure you get your invite:

Phone the National Coronavirus Call Center and ask an operator to update your cellphone number on your vaccination record.

Please DO NOT re-register on EVDS.

0800 029 999

Get ready to be boosted!

Watch your cellphone for the SMS invite.

Update the National Coronavirus Call Centre with a new cell number if needed.

Keep an eye out for details of sites.

Be part of Africa's first large study of COVID-19 booster vaccines.
